SUCCESS THROUGH TEAMWORK

26 November 2020

Robotics Fun!

Our robotics kits are all packed up and ready to be sent to the next school. We have had a wonderful term learning basic block coding whilst problem solving, following instructions, creating, solving puzzles, working in teams, building resilience and having fun. We celebrated the end of our robotics unit by holding a session where students could showcase their creations and use the kit with peers from other classes. Fun was had by all and teachers were impressed with the students' engagement and creativity. Being able to borrow the table robotics kit from the STEM.T4L Technology for learning library is important for our small school and we are very appreciative.

It was lovely to see the rain this week! Only 2 ½ week left of this school year – amazing!

Yesterday's robotics day was a lot of fun with all students interacting with their robots. We are now packing the robotics away ready to forward to the next school for 2021.

Great excitement is mounting for our PE/Dance afternoon next Monday. Costume is optional. Students will need to wear their uniforms to school. They can bring a change of clothes to change into if they wish. Drinks and snack will be provided.

My name is Megan and I have been a hairdresser for over 20 years. I set up my salon here in Chillingham after selling my business at Tweed Heads which I owned for over 10 years. Now that all my children are at school I feel it's time for me to expand my clientele, I offer a professional friendly service in a private air conditioned room. I use only industry professional products, with my passion being hairdressing. I look forward to seeing you soon.
