

Success through Teamwork

Art with years 5 & 6

Year 5 and 6 students have been exploring sculpture. They began studying the artist and sculptor, Alexander Calder. They experimented with using wire to create a head and shoulder bust and also with shadows, as their work was photographed for viewing. Students are now currently exploring the artist, Jean Dubuffet. They have been practising drawing pictures using his stylistic features. This theme "adventures in 3D' will continue for the rest of the year. Watch this space!
