

12 December 2024 ~ Week 9

Water Fun Day

The rain didn't stop us from making the most of our Water Fun Day. By all reports, students had a fantastic day rotating through three activities: the giant waterslide, the challenging inflatable obstacle course and the student directed passive games. We finished off the day with a fun relay and some super soaker drenching. What a great way to celebrate the end of a wonderful year. Thank you SRC for the idea!

Principal's Desk

One week to go.....

Yesterday's water fun day was exhausting and immensely enjoyable. I bet everyone slept well last night – I know the staff did.

Tonight is the Year 6 Farewell. We're all very excited and a little sad that our time with our Year 6 students is coming to an end; as they take their next step in their education journey to high school.

We've been practising our Christmas carols and are in fine voice for next Monday evening. We hope to see you all there.

Ms Crocker will be giving our newly purchased BBQ a workout cooking sausage sandwiches from 5:00pm. Please make sure you get your children there in time to eat their sausage sandwich before they start singing the carols at 5:30.

Tuesday 17th will be our Presentation Day. This is a day when we celebrate the students' achievements. The ceremony will begin at 10:00, so please ensure you are seated by 9:55 so we can start on time. As we know from previous years, it gets very hot as the day progresses so we'd like to finish before the heat gets too oppressive.

Wednesday will be the students' last day for this year. We will be farewelling Year 6 with cake at recess and pizza for lunch. If your child does not eat chocolate cake and/or pizza, please send them with their usual lunch as there will NOT be anything else available.

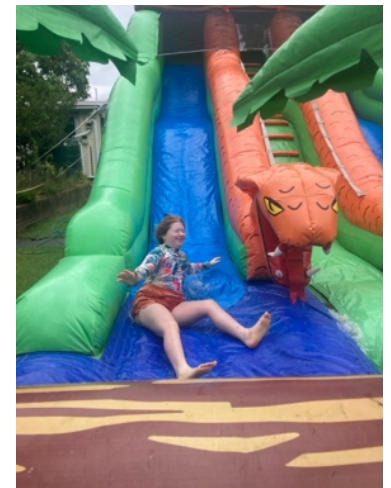

Term 1, 2025 starts on Thursday 6 February for all students. School staff begin on Friday 31 January, so we will be at school from then on if you need to purchase any uniform items.

Please continue to sell raffle tickets until Monday next week. Supporting the P&C is vitally important as they in turn give back to our school and our students.

OOSH in 2025 The department has been working on a solution to ensure continuity of care. As a result, we would like to announce to families that an OOSH provider, Tabatinga, will be commencing an on-site service at Murwillumbah East Public School on 6 February 2025. The services available will include before school care, after school care and vacation care. Please see attached sheet for further information.

Regards

Vicki Roach
Principal
