

Week 6 – Kindergarten Work for home while flooded

These are suggestions that you may find useful. Please feel free to add or adjust to suit your own circumstances.

Phonics - we are learning the sounds **s a t p i & n**. The new sound this week is **m**

(Our learning goal is to know the letter by sight & be able to say the matching sound. Please practise the sounds eg 's' as in sun). The following are some simple activities you might use:

- a picture hunt of things that begin with that sound – cutting out from magazines
- making sounds with play dough/ Lego pieces/ macaroni etc
- play 'I spy'
- finding and cutting these letters from magazines/newspapers – count how many

Using combinations of these to make words/word families is the next step. How many **_at, _ip, _in, _it _am** words you can make & draw pictures for. You can make up some silly ones too! eg *Pip sat on a tap*.

Cloud Play Dough is fun to make.

1 cup of hair conditioner
2 cups corn flour
few drops food colouring

Mix and store in an airtight container. I don't expect it will last very long without any salt, but it may be a nice treat activity.
